

AMERICANS IN
MUCH DANGER

Word Comes From Mukden That Several Have
Recently Disappeared From There,

ARE ARRESTED DAILY AS SPIES

One Englishman Has Been Hanged Already—Admiral
Togo Makes Ready Another Obstacle for
Port Arthur's Harbor Mouth.

[Special by Scripps-McLae.]
Berlin, April 21.—The Frankfurter Zeitung prints the following dispatch from Manchuria which states that a bitter anti-American feeling is prevalent in that section. The lives of Americans are endangered wherever they are. Four Americans are detained at Mukden charged with being spies. One American named Radley, whose residence is given as New York, has disappeared from Mukden and his fate is unknown. One Englishman arrested at Mukden as a spy has been hanged without being given a chance of hearing who his accusers are. The Jews are continually being prosecuted.

Will Send Fleet
St. Petersburg, April 21.—As the result of the opinion of Admiral Skrydloff it has been definitely decided to send the Baltic squadron to the far east. The admiral intends to combine the fleet and make an effort to clear both the Pacific and Yellow seas of the Japanese.

Skydloff's Plans
London, April 21.—Vice Admiral Skrydloff, who has arrived at St. Petersburg, is quoted as saying that he will not follow Makarov's example, but will try to conserve the Russian fleet in the east until it is able to deal an effective blow at the Japanese. Captain Reitzenstein, who has been in command of the Russian fleet at Vladivostok, has reached Port Arthur and hoisted his pennant on the cruiser Askold. Reports from St. Petersburg say that the residents of Vladivostok are starving and feeling in a panic from the city. A dispatch from Paris says that the body of Vice Admiral Makarov has been found greatly mutilated. It was identified by the.

The Central News has received a dispatch from its Tokyo correspondent stating that a telegram received there reports that thirty-five Cossacks arrived at Syong Ching, on the east coast of Korea, yesterday and burned the Japanese houses in the city. Advice from St. Petersburg says that it is claimed General Kuropatkin has 300,000 men at the front. General Baron Stakelberg has been given command of the First East Siberian corps.

Still Fighting
London, April 21.—Admiral Togo returned to the attack on Port Arthur Tuesday night, and a terrific naval battle raged all night off the city and is reported to be still raging. No details are given in the dispatch. St. Petersburg is filled with rumors to the effect that the Sebastopol, battleship, and the cruiser Pallada were in collision and that one of them was badly damaged. Reports have reached St. Petersburg of the bayonetting by Cossacks near Imyampo station on the Siberian railway of seventy-four Chuchukos or Manchurian brigands. The Cossacks had two men wounded. A report from St. Petersburg to the Central News says it is rumored in the Russian capital that the Japanese have landed in force near New Chwang and are preparing to attack that place. The Russian forces have withdrawn all but four regiments from the Yalu river, according to dispatches from Tien Tsin.

Another Attempt
Home, April 21.—A telegram from Admiral Togo this morning announces that he has another boat prepared for the bottling up of the Russians in Port Arthur and that the attempt will be made today.

See the Japs
St. Petersburg, April 21.—The fol-

lowing telegram from Gen. Kuropatkin has been made public: "Cossack sentinels have observed the lights of the Japanese transports near Ching-Tai-Tse opposite the village of Potkina. According to Gen. Mishtchenko Japanese ships have also been seen near Son-Chow. "All is quiet on the Yalu, where the Japanese are throwing up encroachments to the north of Golubry. The Japanese are concentrating at Wiju and are moving from there northward along the Yalu." "The sighting of the Japanese transport off Potkina is believed here to mean the beginning of the attempt on the part of the enemy to inaugurate a flanking movement. If the troops are landed under the guns of warships their landing can hardly be prevented, and they will be in a position to threaten Mukden, where the Russian army headquarters are now located."

KUROPATKIN FEELS SAFE

**Says He Can Crush Any Jap Force
North of the Yalu Easily.**
London, April 21.—The military expert of the London Daily Times, in discussing conditions at the front, says: "So far as we can judge by the telegrams from the seat of war the Russians mean to make their stand at the Yalu river, and in this case they will speedily require all of their skill and resolution to maintain such a dangerously advanced position. The Russian calculation is that the Japanese transports can land only 25,000 men each trip and that a fortnight must intervene before the second contingent can reach the scene of action. Therefore should the Japanese land north of the Liao Tung gulf, Gen. Kuropatkin has sufficient men to fall upon the Japanese first landed and overwhelm them before the transports could return with reinforcements. The Russian experts claim that they have nothing to fear from the army of Gen. Kuropatkin now in Korea, as it would take fully a month for him to move his troops to the support of the other Japanese army. Therefore the Russians argue that Gen. Kuropatkin is in a position to crush any attempt on the part of the Japanese to operate in Manchuria."

"If these facts are obvious to the Russians it would seem that they should be equally so to the Japanese general staff which is directing the campaign. The appearance of the Cossacks at Chong-Sen will certainly serve to remind the staff that the right flank of Gen. Kuropatkin's army is still vulnerable although at present the danger does not seem to be very formidable. The fact that nothing has been heard from Gen. Mishtchenko and his force of Cossacks for three weeks may mean that the latter intends to make a bold dash upon northern Korea from the northeast and endeavor to strike in upon the line of communications between Seoul and Ping Yang and the reported advance of the Cossacks to Chong-Sen may mean just this. If the Japanese have taken the precaution to run a chain of forts and stout blockhouses across the northern part of the Korean peninsula and have paraded them with their second line of troops, these raiders should do no serious injury to the Japanese since the troops on the Yalu ought by this time to have shifted their base close up to the river, and thus made themselves independent of the land line of communication."

LABOR TROUBLES
ARE JUST BEGUN

Colorado Sees a Serious Labor Fight
in One of Its Denver
Hotels.

[Special by Scripps-McLae.]
Denver, April 21.—Under a guard of the state militia President Moyer of the Western Federation of Miners, arrived this morning to answer to a writ of habeas corpus proceedings. The party had hardly left the train when a riot occurred. Secretary Haywood of the federation met Moyer at the train and grasped his hands. Captain Bulkeley Wells advanced toward Haywood and knocked him under a sent. He was then arrested and taken to the Oxford hotel with Moyer. There Haywood knocked two soldiers down and was bayoneted and clubbed until unconscious. A riot call was sent in and the soldiers refused to turn him over to the police on the grounds he was a military prisoner. The habeas corpus case of Moyer will be held in the supreme court this afternoon.

The Rev. T. J. Brown of the People's church at Fond du Lac has accepted a call from the Congregation at church at Darlington.

DOUBLE GUARDS
OVER CRIMINALS

Neidermier, Marx and Van Dine Are
Very Closely Watched
These Days.

[Special by Scripps-McLae.]
Chicago, Ill., April 21.—Guard over the three condemned car-burners, Neidermier, Van Dine and Marx, has been redoubled. The cells are now being searched at intervals for poison or any means of suicide. Neidermier has again today refused to accept any offers of religious consolation. Relatives of the condemned men will be permitted to visit them this afternoon to say their last goodbyes. According to the plans now arranged Neidermier will be the first of the machine gun trio to mount the gallows. Marx and Van Dine will probably die together. Marx and Van Dine spent the entire morning talking to priests and Sisters of Mercy.

Mrs. Henry Armsmoler was fatally burned at her home near Darlington. She was burning rubbish in the doorway when the flames caught her dress. She ran to a field where there were some men, who put out the fire, but it was too late.

HARVY VAN DINE
HANGS ON FRIDAY

Governor Yates Refuses To Use Any
Clemency at All in His
Case.

[Special by Scripps-McLae.]
Springfield, April 21.—Governor Yates, acting upon the recommendation of the state board of pardons, today, refused to interfere in the case of Harvey Van Dine, the condemned car-burner for whom clemency was asked. The condemned man must hang with his fellows on Friday.

FIVE NEGROES
WERE KILLED

Mine Explosion at Stearns, Kentucky,
Was Fatal to the Working-
men.

[Special by Scripps-McLae.]
Somerset, Ky., April 21.—A mine explosion caused by the ignition of the dust at Stearns thirty miles north of here last night, killed five negroes and fatally injured another.

THERE IS STILL TIME FOR
MANY MORE TO SEND STORIES

Short Story Contest Does Not Close
Until May First—Read
Conditions.

There is still time for the writers of the city to send in their offerings for the twenty-five dollar contest, which is being offered by the Gazette Printing company for the best short stories presented. The date for the final acceptance of the stories will be May 1st and they will not be judged upon until after that time.

STATE NOTES

John Spengler, a taxidermist, aged 40 years, committed suicide at Oshkosh Tuesday night, by shooting himself through the head.

Norton Wilson was seriously injured while duck shooting near Darlington. A gun was accidentally discharged and the shot entered his arm.

By a unanimous vote the Stevens Point school board has reelected F. F. Showers as superintendent at a salary of \$1,800, an increase of \$200.

The new democratic mayor, James Gorman, and a democratic city council are installed in Kenosha. John C. Slater has been elected city attorney.

The case of Gunn & Co. against the board of education of Fond du Lac, which is decided by the supreme court in favor of the city, is considered ended.

The members of Company E of Fond du Lac have decided to accept the state's offer of tentage, and will make the trip to the world's fair at St. Louis in October.

The first of a series of banquets to be given by the officials of the Wisconsin division of the North-Western road was held in Appleton Monday night, and was attended by every station agent in the Fox river valley. James Jorgensen of Yorkville, near Racine, a wealthy farmer, 65 years old, is charged with committing a criminal assault upon his 10-year-old granddaughter, Bessie Jeannette Johnson. Jorgensen has fled.

MOTHER JONES
IN MORE TROUBLE

Rescued by Her Italian Boys She Is
Arrested by Utah State
Health Board.

[Special by Scripps-McLae.]
Salt Lake, April 21.—The Italian strikers encamped in the vicinity of Castle Gate coal mines, after rescuing "Mother Jones" from smallpox quarantine attempted to tear down the pesthouse but were driven off by an armed guard. The state board of health has arrested all concerned including Mother Jones and the institution is forcibly quarantined.

FIVE NEGROES
WERE KILLED

Mine Explosion at Stearns, Kentucky,
Was Fatal to the Working-
men.

[Special by Scripps-McLae.]
Somerset, Ky., April 21.—A mine explosion caused by the ignition of the dust at Stearns thirty miles north of here last night, killed five negroes and fatally injured another.

HARRIMAN STILL
MAKING A FIGHT

Starts Another Suit Against the
Hill Methods of Distri-
bution.

[Special by Scripps-McLae.]
Hoboken, N. J., April 21.—At a special meeting of the stockholders of the Northern Securities company today the Harriman interests entered a strong protest against the proposed distribution of the securities of the stock assets on pro rata basis. Notice that a suit would be instituted in a New Jersey court and that a restraining order had been granted was given.

SEVEN SUE THE
RAILROAD COMPANY

For Damage Sustained by the Recent
Flood in Beloit—Claims
Are Large.

On the claim that the recent flood in Beloit was caused by the opening in the switch bridge not being large enough to permit free passage of water and ice, seven suits for heavy damages have been commenced against the Chicago, Milwaukee & St. Paul Ry. Co. The litigants are: Charles Oliver, R. H. Veach, Thomas and Mary Brannigan, Catharine Hamilton, Louisa Welch, Martin P. Baile, John and Richard McKearn. The cases will be tried in the November term of court. Cornelius Buckley of Beloit represents the plaintiffs and Attorney T. S. Nolan of this city and H. H. Field of Chicago will appear for the defendant company.

Humphrey Burk, while hunting, was accidentally shot and instantly killed by a son of H. Holtman.

ROBBERS SECURED
FIVE THOUSAND

Blew Open a Safe and Then Looted
the Interior—Building Was
Wrecked.

[Special by Scripps-McLae.]
Clay City, Ind., April 21.—The safe at the Farmers and Merchants' bank was blown up by robbers at two o'clock this morning and they secured \$5,281. The building was almost entirely demolished. There is no clue to the burglars.

SPARKS FROM THE WIRES

At a meeting of the house committee on Judiciary favorable reports were authorized on two resolutions introduced by Mr. Williams, the minority floor leader, calling for information whether any investigation was ever had and report made "of the so-called anthracite coal trust," and whether any criminal prosecutions have been instituted against individuals or corporations who were adjudged recently by the supreme court of the United States in the Northern Securities case to be guilty of having violated the laws of the United States by entering into unlawful combinations in restraint of interstate commerce.

Professor John Wurts of Yale university was cross-examined by former Senator Higgins of Delaware as to his testimony against Judge Charles Swayne in the impeachment proceedings before the special subcommittee of the house committee on the judiciary. When asked to name the persons who had the impression that Judge Swayne was susceptible of being influenced by considerations outside the law and evidence in cases pending before him Professor Wurts named C. E. Reinhardt, president of the Jacksonville Bar association; Judge W. P. Young of the circuit court of Florida and Senator C. G. Vance, connected with the National bank of Jacksonville.

Consul General Guider has reported to the state department from Panama that Mr. Russell, the United States charge d'affaires there, has been ill with malarial fever, but is improving slowly.

Emil Paul, the musical conductor of Dresden, has signed a contract to direct the Pittsburgh, Pa., orchestra for the next three seasons in consideration of \$10,000 per season of twenty-five weeks, beginning in October.

A telegram has been received in St. Louis by Miss Irene Catlin, daughter of Daniel Catlin, from Miss Alice Roosevelt accepting Miss Catlin's invitation to be her guest during the latter part of May and attending the world's fair.

Peter J. Osterhaus, one of the famous cavalry generals of the civil war, is to arrive in this country from his present home in Mannheim, Germany, April 25. He will be banqueting in New York April 27 by civil war veterans and later will visit Washington, where he will be received by Representatives Grosvenor of Ohio, Sulloway of New Hampshire and Warner of Illinois, who served under him.

Announcement has been made in Kenosha that J. Martin Rowan, a well known railway man, and Miss Mary Phalen of Harvard, Ill., will be married next Wednesday.

CHURCH RULES
MORMON VOTES

Opposition to the Orders of Apostles Is Sure
To Bring About Political Defeat.

NAMES PENALTY FOR DEFIANCE

Brigham H. Roberts Tells the Result of His Running for
Office Without Obtaining Consent of the Dis-
ciples of the Church.

[Special by Scripps-McLae.]

Washington, April 21.—Without the consent of the Mormon church Brigham H. Roberts failed of election to the lower house of the United States congress. With the consent of the church he was elected. This was brought out at the resumption of the senatorial inquiry into the Reed Smoot case, the prosecution dragging admissions to this effect from Mr. Roberts himself, who was on the stand. Members of the senate committee showed an equal interest in the nature of the oaths required from those who go through the "endowment house."

Refuses to Reveal Oath.

With respect to the latter question Mr. Roberts was extremely reticent. He declared that the sacredness of the ceremony, which is connected with the holding of political office, was such that he could not reveal it to the world. Such an act, he said, would cause him to lose caste in the church as the betrayer of a trust.

Testimony given by the witness with regard to his reasons for continuing in a state of polygamy, despite the church rule against it, and the state laws, was almost identical with that given by other polygamists who have been on the stand in this inquiry. He said he regarded the laws of God as higher than the laws of the land, but that his moral obligations to his wives were greater than the laws either of God or of man.

Will Meet at Salt Lake.

At the beginning of the session it was announced that seven witnesses would be heard before the adjournment of congress. The committee then will adjourn to meet at Salt Lake July 18. There witnesses will be examined who were unable to come to Washington and could not be reached by summonses.

GREAT CHAIN OF PIPES
FROM GULF TO ATLANTIC

Standard Oil Company Plans to Carry
Crude Article to Refineries
Through System of Tubes.

Whiting, Ind., April 21.—Whiting, where is located the largest refinery in the world, is to be made the radiating point of a colossal system of pipe lines, including a continuous chain of pipes from the gulf of Mexico to the Atlantic coast, which will make the Standard Oil company entirely independent of the railroads in handling crude oil and will nearly annul the anti-trust law in so far as it concerns the Rockefeller interests, at which the law was mainly directed.

Streams of oil flowing underground through connecting pipe lines extending all the way from Port Arthur, Tex., through the oil regions of Oklahoma, Kansas, Indian Territory, Ohio, Pennsylvania and New York to New York city, a distance of more than 2,500 miles, will be the result when the scheme materializes. From this great "trunk" pipe line branches will extend to all the Standard Oil refineries.

W. P. Cowan, vice president of the Standard Oil Company, has been specially detailed by John D. Rockefeller to supervise the work, which, according to present estimates, will cost more than \$200,000,000.

Concurrent with the great underground transportation scheme an immense oil refinery is being built at Kansas City, and the tanks, stills, and pipes requisite for the construction are now at the Whiting plant, ready for shipment. From Kansas City a pipe line will extend to Neodesha, Kan., where a refinery has already been built.

The pipe line from Neodesha to Kansas City will pass through the Chanute oil fields, 128 miles from Kansas City, and will be in all 200 miles long. This is the commencement of the pipe line to the gulf, which will connect the Kansas, Indian Territory, and Texas fields.

The next link in the chain of pipe lines will be the building of a line from Whiting to Neodesha, Kas. This will give a continuous line from Kansas City to Chicago, and thence to Lima, Ohio, to which place a line already extends from Whiting and Chicago.

Arrest Bank Robbers.

Hume, Mo., April 21.—From the result of a quarrel two alleged bank robbers, who had been companions, were arrested here.

With Mr. Roberts on the stand, Senator Bailey called attention to the church rule which forbids an official to accept an office without the consent of the church unless he resigns his office in the church or is "reduced to the ranks."

"In the event of such a crisis," said the witness, "I think one would have to rely on the individual's patriotism." "But patriotism and religion in such a case would be in conflict," said Senator Bailey. "At one time you defied the church, did you not?"

"I did."

"And you were defeated?"

"Yes."

"Because you refused to submit to the orders of the church?"

"Gets Light From Church."

"I think I was enlightened by the church," said the witness.

"And when you were enlightened and did submit to these orders you were elected?"

"I was."

Mr. Roberts said that both he and Apostle Thatcher had stood out against the church rule, and that he had withdrawn his opposition to the rule and was elected to office.

Senator Dubois brought out the fact that Thatcher did not submit to the church at that time and was defeated.

Senator Overman inquired of Mr. Roberts whether his first wife and his second wife had consented to his third wife.

"No, sir," said Mr. Roberts. Continuing he said they did not learn of the marriage for three or four years.

"Why was this marriage concealed from them?"

"Because I did not want to embarrass them."

"How embarrass them?"

"Well, we knew the marriage was illegal and it might be embarrassing to them if they should, for any reason, be called on to testify."

BRYAN SAYS NO
VERY DISTINCTLY

Boy Orator of the Platte Announces
He Will Not Proclaim His
Candidacy.

[Special by Scripps-McLae.]
Lincoln, Neb., April 21.—William Jennings Bryan announced this morning that he would not announce his candidacy for the presidency at his Saturday night speech in Chicago. He said he would confine his remarks to the New York state platform.

NEW YORK MEN
SETTLE STRIKE

Ten Thousand Lithographers in the
United States and Canada
Go Back to Work.

[Special by Scripps-McLae.]
New York, April 21.—The lithographers who have been on a strike since March 15 returned to work today. Concessions have been made on both sides. Ten thousand workmen in the United States and Canada have been affected.

WILLIAMS CASE
WAS DISMISSED

By the Court This Afternoon on Ob-
jection of Defense to Char-
acter of Testimony

Before Judge Fitch in municipal court this afternoon George Williams, formerly in the employ of Peter L. Myers, had his hearing on the charge of cruelty to animals, the complaint having been made by his former employer. Attorney Bernard Palmer appeared for District Attorney Jackson and Attorney Peterson represented the defendant. The latter objected to the character of the evidence introduced by the prosecution and the objection being sustained by the court, the case was dismissed. It is possible that a new complaint will be made.

RAILWAY STRIKE
IS NOW SETTLED

Austrian Laborers Who Were Ar-
rested for Rioting, Are All
Released.

Vienna, April 21.—The thousand employees of the Hungarian railway who were arrested yesterday were released this morning and amnesty proclaimed against the meetings which caused the strike have been rescinded. It is hoped the big strike will be settled today.

MADISON BEWAILS DECLINE OF BOOMS

GREAT IMPETUS TO CAPITAL
CITY PROPERTY ENDS.

JANESVILLE FIRM INTERESTED

Have Their Machines Returned When
Money Is Not Forthcoming
for Their Payment.

Unfavorable signs have developed in the real estate boom which Madison experienced during the last two years and in new additions platted and sold on the strength of the establishment of new factories are numerous and lots for sale at reduced prices. The recent growth of Madison has been distinctively of the boom character, not a substantial, steady growth, as is the case with respect to the remarkable progress Janesville has made in the last few years. One example of the decline in Madison is the shutting down of the American Shredder factory in one of the new Fair Oaks additions at the eastern city limits of Madison. This factory was built and a great number of lots platted and sold at rates amounting to some \$2,500 an acre. The plating company made a heap of money and some new dwellings were erected by prospective workers in the factory. Trouble arose among the leading stockholders and the factory was temporarily closed down. It has not since reopened, the workmen are idle and two or more of the new houses in that vicinity, as well as a considerable number of lots, are on the market. The reason for the state of "inexplicable desuetude" into which the factory has fallen has never been explained satisfactorily to the public or to the owners of the hundreds of land contracts for lots at fancy prices, but it is understood that there was an attempt to "freeze out" some of the stockholders.

The Badger State Machine Co., of Janesville has had an experience with the Shredder company. The Janesville company sold the Madison concern two machines and waited long and for a time patiently for the money, amounting to some \$250. The money never came in response to vigorous letters and sight drafts and John L. Fisher attorney for the Janesville company, was sent to Madison to make the collection or ascertain the reason why. He found the factory quiet and peaceful, the fires were out and the machines were still. He was unable to either get any part of the east demands or make any arrangement for future payment. The affairs of the company were in bad shape apparently, for it seemed improbable that any available money was in the possession of the company. Mr. Fisher therefore secured drays and loaded thereon the machines and shipped them back to Janesville, this action being taken to protect the Janesville company from perhaps absolute loss on the property. The American Shredder company was established to manufacture patented machines, the patents of which were secured by Jeffrey J. Power of Madison, and supposed to be exceeding valuable. However, real estate holders in the vicinity of the factory are of the anxious sent and bargain prices are offered. All of which illustrates that the kind of growth that Janesville is experiencing is preferable to that manufactured by the platters and boomers of the Capital city.

MAKES A COUP IN LAND LITIGATION

Adherents of the Revision of the
Present Land Laws Plays
Trick on Opponents.

Congressman Reeder of Kansas the ranking member of the Irrigation Committee of the House executed a little coup the other day which may develop into great proportions. The Public Lands Committee of the House has been avowedly opposed to any land legislation, from Chairman Lacey down, with one or two exceptions. Land bills introduced last year and this have been quietly but firmly smothered. Now Mr. Reeder comes along and introduces a bill amending the Irrigation Act, tacks onto it the Quarles land law repeal bill, and gets it referred to the Irrigation Committee, which is about evenly divided on the land question. This will insure the consideration of the bill and will enable the repealers to make at least a strong minority if not a majority report, which will get the bill out on the floor of the House where it can be fought for.

This question has always been a non-partisan one, but should the refuse to consider the bill, the Democrats will undoubtedly make of it a party issue, tacking as their basis not only the unquestioned fraud under these laws but the vigorous utterance of the President in both annual messages and in his public speeches insisting upon the preservation of the public domain for actual settlers and that no more government land shall be disposed of without residence and improvement by actual farmers who will till and make homes upon it, none of which is practiced under these laws.

It is stated that the President will use his influence to force the passage of the Quarles timber repeal bill, but it is pointed out that the saving of the agricultural lands from raids under the desert land act and the commutation clause of the homestead act is of far more importance to the real prosperity of the country than has only a pecuniary value, even though great.

The utmost opposition is being made in the House and in the Senate to the repeal of the desert act and the commutation clause. The fact that most of the eastern Congressmen and Senators who are beginning to appreciate the national importance of this question is that while Congress is delaying, the absorption of public land continues at the rate of over two million acres a month.

GUY E. MITCHELL.

MASCOT NEXT MONDAY EVENING

Members of St. Mary's Church Choir
Will Present Popular Opera
at Myers' Grand.

Elaborate preparations are being made for the production of the opera entitled "Mascot" to be produced at the Myers Grand Opera house, next Monday evening, April 25, under the auspices of St. Mary's church choir. The cast is a perfect one, and have been rehearsing daily for the past two months. The opera is given for the benefit of the church fund and this worthy cause should draw out a packed house on the opening evening of this production in this city.

COLD INTERFERES WITH PLOWING

Frost in the Ground Delays the Usual
Spring Work This
Year.

Four inches of frost, the result of the cold weather now prevailing, has interfered with the plowing and other spring farm work. It will take several days of warm weather to make up for the delay and at that the planting season will be unusually late. Farmers are growing impatient to get their crops into the ground and much apprehension prevails lest the late spring result in half matured and frost-nipped crops in the fall.

WHAT ONE MAN WHO KNOWS SAYS

An Adherent of the Governor's Doc-
trine Discusses the Situa-
tion in Clear Terms.

Ex-Mayor A. G. Nelson, Waupaca, who has represented the first assembly district in the legislature, and during the last six years has been a member of the state board of control and its president since last summer, is a strong supporter of S. A. Cook for the nomination for governor.

While a member of the board of control his term expiring April 15, Mr. Nelson refused to take any part in the campaign, but is now doing all in his power to secure the nomination of Mr. Cook. Mr. Nelson says he can not consistently support La Follette, because he thinks the governor's renomination would jeopardize the success of the party. Throughout the state he finds the conservative, intelligent element opposed to La Follette.

Mr. Nelson says he can plainly see that Gov. La Follette makes many appointments in payment for political services heretofore rendered, or in expectation of those heretofore to be obtained. He believes the governor insincere.

Mr. Nelson believes Mr. Cook to be a man of the people, honest and able, and that he never will appeal to prejudice or attempt to array class against class. He declares him a successful business man, an employer and a friend of labor, and if he is nominated and elected he will make one of the best governors Wisconsin ever has had.

RUSK LYCEUM TO HOLD A MOCK CONVENTION

To Place in Nomination a Candidate
for Presidency on Democratic
Ticket.

On Wednesday, May 4, the Rusk Lyceum society of the high school proposes to hold a mock convention to place in nomination a democratic candidate for the presidency. Gorman, Cleveland, Parker, and Hearst supporters will be in evidence and the forces may be so split up that some hitherto unknown candidate will be offered as a compromise and carry the day.

QUANTILY SIMPLE BLOUSE

The round yoke of gaiting is elaborated with lengthwise bands of lace backed with white chiffon. To the yoke is applied in fine tucks; ed with the Russian adjuster. The sleeves are tucked in the upper portion and gathered into a gaited cuff.

INVENTIONS BY BADGER BRAINS

Washington Patent Office Issues Sev-
eral Patents to Wisconsin
Inventors.

R. W. Bishop, patent attorney, Washington, D. C., reports the issue of the following patents on the 19th instant to residents of Wisconsin: 757,461, Latch, O. F. Imhoff, Blair. 757,528, Trunk, J. A. H. Villawow, Milwaukee. 757,544, Extension-table, Joseph and Frank Dobrodenski, Milwaukee. 757,569, Milk-vat, G. H. Simon, Kiel. 757,590, Pressure-regulator, Barnhart Zhulet, Green Bay. 757,606, Means for operating hydraulic pumps for metallurgical purposes, H. W. Fink, Milwaukee, assignor to Falk company, same place. 757,614, Feed cutter, Frank Hamack, Weyauwega. 757,623, Body-hanger for vehicles, Harriett Jones, Waukesha. 757,637, Cabinet, Lars Pederson, Manitowish. 758,001, Lacing device, E. T. Dixon, Sr., Milwaukee, assignor of one-half to M. W. Quirk, Jr., same place.

BACKWARD SEASON INJURES PROSPECTS

Wisconsin Is Threatened with Ser-
ious Losses by the Unusual
Weather.

George McKerrrow, state superintendent of farm institutes and president of the state board of agriculture, says the unusual backwardness of the present season is alarming the farmers of the state, and if it continues much longer will cost them thousands of dollars in crop losses and delayed work. During the last thirty-five years, he says, only three seasons have been as backward in Wisconsin as the present one. The altered freezing and thawing has already caused much damage to grasses and winter grains. The farmers of the southern part of the state are getting short of hay and other coarse foods for live stock, despite their large supplies last season, and unless grass comes soon some stock is likely to suffer.

Owing to lack of funds, Superintendent McKerrrow says that no summer institutes will be held this year. Last year sixteen institutes were held and the superintendent has received letters from a number of farmers in the northern part of the state urging him to hold as many as possible during the coming summer and suggesting the best locations for them. In other parts of the state the institutes are held in the winter, 101 of them having been held last season.

The state annually appropriates \$12,000 for this institute work, but the field is widening and the expenses increasing until the funds are becoming insufficient. No increase has been made in the appropriation during the last seventeen years. About \$1,000 is consumed in printing the proceedings of the annual "round up" institute, 16,000 copies being issued. The administration consumes about \$3,000 more leaving only \$5,000 for conducting the institute's work proper. Superintendent McKerrrow says the annual appropriation should be at least \$20,000.

MAYOR WILSON IS SAID TO BE MUCH BETTER

Will Be Able to Sign Necessary Pa-
pers for the New
Council.

Friends of Mayor Wilson believe that his condition has improved slightly of late. He is able to leave his home to some extent and will be enabled to affix his signature to certain necessary papers before the new council meets.

LA FOLLETTE HAS A HARD PROBLEM

LOSS OF MANY DELEGATES CRE-
ATES SOME UNEASINESS.

WILL SPEAK IN MILWAUKEE

Every Measure Taken to Keep the
Anti La Follette Spirit from
Increasing.

(Special to The Gazette.)
Madison, Wis., April 21.—Robert M. La Follette, the executive head of the state of Wisconsin for the past four years who is lovingly referred to by his admirers as the "valiant little governor" and by his party opponents as the monopolistic incumbent of the gubernatorial chair with unprecedented third term populistic ideas, has burned the midnight oil in the executive chamber to small purpose according to the returns from the 21 counties which have thus far held caucuses for the naming of delegates to the state convention in Madison May 18. Comparisons with returns two years ago show that the governor's faction of the republican party have suffered a loss of 113 delegates, which, if maintained throughout the state means the political oblivion of the governor.

Steadily Loses
Of the total number of delegates thus far selected but 109 are for La Follette while the anti-La Follette people have a total of 221 for their credit. Of this 244, 97 are for S. A. Cook of Neenah and the balance for Judge Emil Baensch of Manitowish. This does not take into consideration Ashland county where there seems to be a tie of 6 and 6, the administration claiming the whole delegation and the "stalwarts" claiming the tie. One district in Dodge county, one in Marinette and one in Eau Claire are also claimed by both sides. Madison and Dane county, the home of La Follette, was carried solid for the governor and has apparently been adequate consolation for the reverses elsewhere throughout the state. "We are more brilliant over the result of the preliminary skirmishes," said Philip L. Spooner, brother of the senator in Washington, "and when we get through you will see that the people of this state do not want La Follette's third term populistic reforms any more than the people want Mr. Bryan's free silver fallacy."

If It Continues
If this ratio of less is continued throughout the remaining 49 counties the defeat of Governor La Follette is assured by a fat majority. The administration people, however, declare that the opposition, ordinarily called stalwarts, called their caucuses in all their sure counties as early as the law would allow after the state convention had summoned the call. They claim that there remains small territory in the state from which the stalwarts can draw Milwaukee county is expected to be more strongly against the governor than it was two years ago, when he received about one-third of the 150 delegates. Governor La Follette himself is to attempt to stem the tide that has set in against him in Milwaukee county, and has arranged to hold meetings and make addresses in the state metropolises. It is generally understood that the race in Wisconsin is a case of La Follette against the field, with Samuel A. Cook of Neenah and Judge Emil Baensch of Manitowish as the field. At present the chances favor the field. Returns from the primaries indicate that the rural vote is turning against the governor. He has been the strongest among the farmers. The caucuses will be practically all over in a week and the state nomination convention meets May 18 at Madison.

WAS BADLY HURT BY AN EXPLOSION

Small Boy, a Nephew of Rev. Mary
Kimball, Met a Painful Acci-
dent in Oklahoma City.

Word has been received from Oklahoma City that little seven-year-old Willie Kimball, a nephew of Rev. Mary Kimball of this city, was frightfully burned in an explosion of a stereopticon gas generating machine recently. Rev. Mary Kimball's brother, H. B. Kimball, is a missionary at Oklahoma City, and according to the report received, was generating gas for his picture machine when it exploded and knocked his seven-year-old son to the ground and frightfully burned him. A piece of the machine was blown through the wall of the house to a distance of a hundred and fifty feet. The little fellow injured is expected to recover.

AMONG THE WORLD'S WORKERS

New Notes From Various Sources o
Great Interest to the Workingman..

Fifty unions in Porto Rico have been formed since the island became a United States possession. Most of them are chartered direct by the A. F. of L., the others being branches of the carpenters, bricklayers, painters and printers' international unions, whose headquarters are in the United States.

Statistics show that labor now receives 19 cents of each dollar that is produced by labor.

The farmers of Texas are being unionized at a rapid rate. There are today some 3,000 unions in Texas with a total membership of 40,000 or more.

Kentucky is rigidly enforcing a child labor law.

According to the officers of the bricklayers' and masons' international union the local unions outside of New York are preparing to demand higher wages on May 1. In New York the joint arbitration board of the unions and Master Builders' association has begun to discuss a trade agreement for the coming season.

Co-operation is flourishing in Scotland. At the quarterly meeting of the Scottish Co-operative Wholesale society recently it was stated that the total business done for 1903 amounted to £2,395,487, an increase of £326,368, equal to 5.5 per cent, while the productive efforts were valued at £1,549,445.

Reports from North Carolina and the Gulf States indicate an unprecedented scarcity of negro farm laborers. Many white mill men are returning to the country on account of the advance in farm labor wages, and many farms are lying idle for lack of hands to cultivate.

Citizens' Alliances under the direction of the national organization have a chain of locally reaching from San Francisco to New York, and from the Lakes to the Gulf, and the work is going ahead rapidly. Over 1100 organizers are now in the field.

At the date of the last census (1900) there were only about 15 per cent of the workmen in the United States affiliated with labor organizations. But it is claimed that since that time there has been a great increase in the percentage of organized labor.

The long-standing controversy between the International Association of Machinists and the amalgamated association of Machinists' Engineers, an English organization, involving trade jurisdiction, is in a fair way to be settled. The fight between the two organizations is in many respects analogous to that which so many years troubled the carpenters.

The Western Federation of Miners has 300 unions throughout the Western States with a membership in good standing of 90,000.

The International Brotherhood of electrical workers, by a majority of 4,295 against, voted down a proposition to join the Structural Building Trades' Alliance.

The Russian's saints day and imperial fete dates are so numerous that that he works not more than twenty-one days in a month.

Atlanta, Ga., Federation of Labor will put out a candidate for the legislature and continue the fight against child labor.

John McNeil president of the Brotherhood of Boilermakers and iron shipbuilders has sent out a warning, accompanied by advice against strikes this spring, to the members of the organization. He reports that information has been received of a movement of employers to disrupt organized labor wherever possible. Strikes will not be sanctioned except to resist a reduction in wages or the introduction of longer working hours.

Massachusetts forbids a woman to work over sixty hours a week in a textile factory, and Pennsylvania forbids the boys of ten to work in or about the mines, whatever he, his parents and employers will.

In Illinois there are 44,000 miners; Indiana, 15,000; Ohio, 38,000, and western Pennsylvania, 50,000.

A campaign to educate the public on aims and objects of organized labor will be urged at the next meeting of the Federation of Labor. It is proposed to select a number of the best speakers to appear before the students of different universities, women's clubs and all other organizations that gain their knowledge of the labor movement from the newspapers or magazines and explain the hopes and aspirations of organized labor.

THE "ALEXANDER B" SLIDES OFF WAYS

Capt. Buchholz' New 42-Foot Steamer
Was Launched Last Even-
ing.

Alexander Buchholz' new steamer, the "Alexander B.," was launched last evening near the Fourth avenue bridge and will be ready for the summer trips to the owner's new park. The craft is 42 feet long with a beam of ten feet, will accommodate 100 passengers, and is valued at \$1,000. It was built by the owner.

News for the Railroad Men.

North-Western Road
A new lot of supplies was received today from Chicago at the roundhouse store room.

General oreman Erickson spent the day in Harvard on business.

Engineer Robert Pravel went to work on the Burlington run around this morning.

Engineer P. C. Cobben is off duty for a few days.

Engineer Schoenberg spent yesterday in Chicago.

Freeman Roy Shison will resume work on the night switch engine this evening.

Notes of the Railways
C. F. Wenham, general western agent of the Canadian Pacific Railway company's Atlantic steamship lines, has been replaced by A. C. Shaw, general agent of the passenger department of the Canadian Pacific railway, 228 Clark street, as general western agent of the company's Atlantic steamship lines.

An appeal was made yesterday by the American Landmark association of the northwest to the western lines for better arrangements for colonist rates. The association represents all the companies interested in selling and colonizing lands in Montana, North and South Dakota, Minnesota and Wisconsin, and seeks to have the roads grant colonist rates of one fare plus \$1 every day during the summer months.

"Let us help you to health"

King's Pharmacy and The Peoples
Drug Company Want Every Catarrh
Sufferer to Use Hyomel and Be
Cured.

Statistics show that at least 97 out of every 100 persons in this state suffer from catarrh in some form. While the disease is one of the most common, it is also one of the most dangerous and offensive, leading to consumption and other diseases of the respiratory organs.

Prior to the discovery of Hyomel and its introduction in this section by King's Pharmacy and The Peoples Drug company, every method of treatment had been found worthless.

The discovery of Hyomel and its growing popularity has already reduced the percentage of those suffering from catarrh. This wonderful remedy is the simplest and most pleasing of treatment. Put 20 drops of Hyomel in the pocket inhaler that comes with every Hyomel outfit, and breathe it for a few minutes four times a day. Relief will be seen after the first treatment and a complete cure will soon follow. Breathe the Hyomel in this way, and the catarrhal germs even in the most remote air cells are destroyed. The irritated mucous membrane is soothed and healed, and perfect health restored.

King's Pharmacy and The Peoples Drug company say to all catarrh sufferers, "Let us help you to health, we are confident Hyomel will cure, so confident, in fact, that we guarantee to refund your money if it fails. A complete outfit costs but \$1, and if it does not help you, your money will be returned promptly."

...Forty Years Ago...

Janesville Daily Gazette, Thursday, April 21, 1864.—For Collar Lost.—A lady lost on the street Tuesday or Wednesday evening a black collar. The finder will confer a favor by leaving it at the store of McKee Bros.

Severe Affliction.—The family of Abner Reynolds has been visited with severe affliction within a short time. Two children aged respectively two and seven years have died of diphtheria, another one, about 14 years old is very low, if not already dead, and two others are down with the same complaint. Surely a night of gloom hangs over their household.

Butter.—A man came into our office today and offered us four pounds of fresh butter for the Weekly Gazette one year. We didn't kick him down stairs because he was bigger than we, but we thought that farmers must be doing pretty well when four or five pounds of butter will pay for the largest and the best such rosea weekly newspaper in the state. It used to take a large patent pail full of butter to pay for our paper one year, but now as farmer's

LA PRAIRIE—The severe gale that passed over this locality last Friday done some little damage. This town lost another old and highly respected citizen when M. Van Allen passed away.

Dr. Brown made a professional call here last Sunday morning.

Mr. Wm. Head and family spent Sunday at the home of Mr. and Mrs. Ed. Van Allen.

Felix Henry is still under the doctor's care. His many friends wish him a speedy recovery.

Several of our young men have very recently joined the I. O. O. F. in Janesville and think it a very fine lodge.

Wm. Conway has sowed a small field of oats.

When some of the heads of 70 years found mercury down to only 15 degrees above zero last Saturday morning they felt that there was nothing of 40 or 50 years ago to beat it.

Ray Gleason has a new bicycle. Have the wedding bells rung for the last time?

Rheumatism, indigestion, constipation, headache and stomach trouble positively prevented and cured by Hollister's Rocky Mountain Tea. Keeps you well all summer, 25 cents. Smith Drug Co.

ELGIN BUTTER MARKET

Elgin, Ill., April 11.—Butter—Official, 21¢; steady. No offerings; no sales. Slight increase in output.

A spring blessing for the sick and afflicted. A tonic for the whole family. Makes and keeps them well. Cleanse your system with Hollister's Rocky Mountain Tea. 25 cents, tea or tablet. Smith Drug Co.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as many people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a Home of Swamp-Root pamphlet telling all about Swamp-Root, including many of the testimonials of women cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FOR REST—2-story house, with two acres of land. Large fruit garden and good water. Inquire at 1712 Myrtle avenue.

FOR RENT—Dwelling No. 7 Locust street. Modern improvements. Hayner & Hays.

FOR SALE—A bargain—Two 9-foot solid walnut tables. Can be used for showing goods or as counters. Address Table, Gazette.

FOR SALE—One of the best business blocks in the city, known as the Court Street B. B. block. Can be remodeled, giving two modern stores on Court street and three stores on Locust street, and eight modern flats above stores. A good investment. Enquire of F. L. Stevens, exclusive agent, over old post-office.

FOR SALE—A jump seat carriage and small inn suit. Call at 261 Milton avenue.

FOR SALE—\$1000 will buy a good house and lot, 160 Chatham street. Hayner & Hays.

FOR SALE—Old papers for shelves and to lay under carpets. 10¢ cents a bunch. At Gazette office.

Illinois Day at Fair.

St. Louis, Mo., April 21.—The official world's fair bulletin announces that the Illinois building will be dedicated on May 27.

Comfort and Happiness In a Package of Dr. Miles' Anti-Pain Pills

You should always keep them with you, as you never know when pain may attack you, and destroy your pleasure or interfere with your business.

If on are subject to nerve disturbances such as headache, neuralgia, backache, rheumatism, dizziness, stomachache, toothache, or pain from any cause, you will find they give quick relief, without causing any disturbance to your stomach, or leaving any disagreeable after-effects.

They differ from other pain remedies in that they do not contain any injurious drugs that paralyze the nerves and affect the stomach.

Dr. Miles' Anti-Pain Pills

stand alone as a harmless, scientific remedy, that relieves pain by their soothing influence upon the nerves, and by restoring the natural secretions.

Some years ago I was hurt on the head, since which time I have been almost a constant sufferer from severe headache, until I secured Dr. Miles' Anti-Pain Pills. I found that they relieve the pain, and since then I kept them with me at all times, and when I feel the least sign of headache I take one and the symptoms disappear without getting the headache. I have had occasion to give hundreds of these pills, for whenever I see any sign of distress from headache I always hand out a pill, knowing how I suffered, and that they never fail to give instant relief. I recommend them whenever I have an opportunity to do so.—ROBERT G. MILLER, Lima, Ohio, Excelsior, and foreman blacksmith dept. Lima Locomotive & Machine Co.

Sold under a guarantee that the first package will benefit or druggist will return your money. We stand back of this guarantee 25 doses 25 c.

Never sold in bulk.

DR. MILES MEDICAL CO., LABORATORIES, ELKHART, IND.

Those who read newspaper ads.—and that means the people who buy things—are looking for business news as eagerly as for general news.

Fair tonight and Friday; eastern winds.

DEMOCRATIC SQUABBLE.

The democrats seem to be having as a preliminary to their annual powwow a little afternoon tea fight as to who shall be led to the slaughter next November. Grover they have disposed of according to William Jennings Bryan and now the same William Jennings is trying to knife Judge Parker as hard as he can. To do this properly he came to Chicago where he will hire the Princess rink with his own money and deliver a tirade upon that honorable gentleman in the hopes that his erstwhile adherents will come to listen to him. Willie Hearst with his mothers pocket book and his yellow journals is also making a great to-do over the securing of a few delegates in his behalf and may after all be a factor at the St. Louis Convention. Should some good conservative democrat be nominated it might bring back to the party ranks many of the men who left it in '96 but the majority of them are too disgusted with the antics of the long eared donkey to really care or wish to again try and ride him. The donkey is becoming aged and really the only platform he could be attached to would be one which said that it was "again the government" without giving any reasons of why. Perhaps William Jennings would like to be renominated and try again but it is safe to say that his power is gone and while he may be able to swing a few votes to his friend Willie Hearst they will be few and far between. To an outsider the fight appears amusing in the extreme and this preliminary scrap over delegates for a cause that has not a ghost of a show to win at the polls is grotesque. The United States has felt the results of democratic rule or misrule before and the panic of '93 is still too fresh in the minds of manufacturers and business men and workmen to care to have it repeated just as an experiment. Uncle Sam is getting fat and sassy these days and the care worn look that he used to have has disappeared under the fat of ease and plenty. It will take more than Willie Hearst and his Yellow Kid to cause him to worry.

ARE STILL GAINING.

Present indications still point to war is the fact that the sentiment of the state is gradually turning of the rule of Robert M. La Follette his game wardens, his oil inspectors and the office holders at Madison. While the cause is not yet won and the woods are not yet passed still light is gleaming through the forest and it is not so far off.

IN ROCK COUNTY.

After the campaign of vilification on the part of the hired men of the Governor against Senator Whitehead the assurance of his re-nomination comes as a relief to his many friends. It was a bitter fight and many of his hitherto strong friends and workers in the Second ward worked like Trojans against him on Monday but to no avail. However, the war is over now and it is time to forget past grievances and remember Rock county is a republican county.

WALLACE COCHRAN.

Wallace Cochran who will probably be the next sheriff of Rock county well deserves the honors which have come to him. His years of service for the cause of the republicans will be justly rewarded when he is elected sheriff of this county next November. His friends rallied to his support in a manner that shows he is justly popular throughout the whole county and his nomination at the county convention will be but a preliminary to his election next fall.

ONE BY ONE.

One by one the counties that have hitherto been strong holds of La Folletteism are coming into the camp of conservative republicanism. Michigan had the same experience as Wisconsin but it finally got rid of Plagiarism for good and for all. Nebraska still has Bryanism living within its midst but the Bryan of today is not the Boy Orator of the Platte any longer, even though he does hire halls to speak in.

If Mr. Lush only knew it he made votes for Senator Whitehead by put-

ting his record in such glowing colors before the voters of Rock county. Thanks ought to be given to the republican club who furnished the shrews of war for such a campaign.

Well the Capital is not to be moved from Madison after all. Democrats who voted at the republican caucus on Monday in that city feel pleased to think that they have aided in still holding Dane for their friend Robert.

When a man borrows some one elses thunder and uses it as his own without any quotation marks it raises the suggestion that perhaps he has done the same thing before. Hence his reputation as a good after dinner speaker.

Now game wardens and oil inspectors and secretary of state clerks can go into some other county and wage a similar war to the one just closed here.

Boy bandits read dime novels, buy toy pistols and finally land up in jail waiting for the hangman to come and place the noose about their necks.

How about having a genuine old-fashioned Fourth of July this year? and all not forgetting the bonfire, where everyone can stand round and keep warm.

When ever anything happens which looks like a La Follette victory the Free Press howls about it for a week and then has to explain it was only in fun.

Toronto has had a fire similar to that of Baltimore only on a smaller scale. Evidently the Dominion does not want to be behind Uncle Sam one bit.

Governor Hoard might have sent a few letters to his friends at home asking them to support the Governor from the count in Jefferson county.

Even the oldest inhabitant shakes his head when he talks about the cold weather of the past years fifty years ago.

Those car barn bandits must suffer for the crimes they have committed even though they are carried in to execution.

The Free Press takes much comfort in talking about how safe the Governor is. Well it is a good thing to have confidence any way.

Old Abe died years ago but his stuffed carcas destroyed in the fire at the Capitol when all the Governor's press bureau was saved.

The I told you so politicians who never work, but are always busy blinding others from their tanks are out as usual this spring.

So, Alexeff has been a bad boy and the Czar has told him so and now Alexeff is mad and wants to go right home.

Emma Goldman the Chicago anarchist, has been sending more inflammatory letters to her cohorts in Europe.

No matter how vile a campaign is to be waged there are men who will write putrid articles for money.

Rock river had its usual spring rise and will now go down until the summer rains swell it once more.

David Hill has once more gained control of New York democratic politics and not for Bryan either.

Would it not be a nice thing if the electric light company would put wires to the golf grounds?

After a campaign is over are there not myriads who will tell you how it should have been done.

So Roeski must go to prison for life, because he is a murderer and associate of murderers.

Hearst and his yellow journals are certainly making a unique pre-convention campaign.

Great things are expected of many men who fall when the time really comes to act.

Edgerton showed that the German voters appreciate Judge Baensch and his policy.

These are strenuous days for the fire politicians who are managing state affairs.

Since Monday the decrease in mail matter at the post office could be noticed.

Robert is more like his friend Bryan every day. It is rule or ruin.

PRESS COMMENT.

Madison Journal: Democrats voted for La Follette in shoals. "Bob" is sort of a Bryan anyway, and they feel drawn to him. Then, too, he has given jobs to a good many of them.

time approaches, however, when the La Follette machine, notwithstanding it has some new cogs in the mill wheel, a new platoon of two, and the bearings newly bushed, is going places somewhat after the fashion of the old "One Horse Shay".

Chicago Inter Ocean: In answer to many questions, some interested person should reply on behalf of Governor Yates that whatever else he stands for he does not stand for the Chicago trust newspapers. And then some disinterested person might add that this accounts in no small degree for his popularity down the state.

Chicago Chronicle: True to their predictions, the Illinois socialists nominated a candidate for governor with the appropriate name of John Collins. A "John Collins" is said to be composed of gin and soda water.

JOHN DURKIN DIES SUDDENLY

Driver at West Side Fire Station Is Summoned by Death—Taken to Blanchardville for Interment.

Death summoned John Durkin yesterday afternoon, at 5:30 o'clock, after an illness of only a few weeks duration with bowel trouble. Deceased was employed as driver of the hook and ladder truck at the West side Fire Station and had the respect and esteem of all his associates, he was a gentleman in every respect, and by his unassuming nature he won a host of friends since his residence in this city. The department has lost an able and efficient man, and his untimely death is deeply mourned by his former associates. While responding to an alarm recently Mr. Durkin had the misfortune to hurt his side while getting on his wagon the result of which hastened his death. Deceased leaves a father and mother in Ireland, and two brothers and a sister living in this country. Deceased was a member of the Fireman's Relief Association, and his death will be keenly felt in this organization.

His brother Michael Durkin arrived in the city this morning and will accompany the remains to Blanchardville where interment will take place. Flugs on both East and West Side fire stations were placed at half mast last evening out of respect to the deceased fireman. The remains will be taken from the undertaking rooms of Frank D. Kimball this evening in the West Side Horse Wagon to the Chicago, Milwaukee & St. Paul station where they will be shipped to Blanchardville for interment.

The pall bearers will be, Con. J. Murphy, Michael Birmingham, William J. Conroy and Patrick Gallagher, all members of the Fireman's Relief Association.

HELD BANQUET OF ATHENAE CLASS

Last Session of the Year Was Held at Mrs. Archie Reid's This Afternoon.

At the home of Mrs. Archie Reid this afternoon the Athenae history class enjoyed its final social and banquet. The house was beautifully decorated with carnations, the color scheme being in pink. Twenty-nine ladies were served a delicious five-course luncheon by Miss Libbie Trenwith, caterer. Mrs. O. F. Nowlan, retiring president of the club, acted as toastmistress. In addition to the regular program there were two surprises—an original poem by Mrs. George Sutherland and a toast to "Our Retiring President" by Mrs. E. E. Locant. The toast list was as follows:

"Athenae".....Mrs. A. F. Hall
"Old Times and Old Friends".....Mrs. O. F. Nowlan
Class Poem—"The Present".....Mrs. L. C. Rogers
"The Future".....Mrs. W. H. Judd
"Pronunciation" Mrs. John Comstock

ROAD NOT BUILT; BOND FORFEITED

Because Interurban Has Not Constructed Road to Delavan Lake, Beloit Will Be \$1,000 Richer

Beloit will be \$1,000 richer tomorrow than it is today. The bond given by the Rockford, Beloit & Janesville Ry. Co. when granted a franchise on April 23, 1901, to construct and operate a line to Delavan lake within three years' time, expires on Friday and as no such line is in operation the city will probably claim and get the money. At the time the arrangement was made Beloit asked for a bond for \$10,000 but this sum was later reduced. Manager Clough convinced the city officials that he would have considerable difficulty in finding parties who would finance this project involving twenty or more miles of road.

NEWS OF A PERSONAL NATURE

Rev. Brown of Beloit spent today in the city.

Miss Lily Chapin is confined to her North Bluff street home with illness.

Former Sheriff William Appleby of Beloit was a Janesville visitor yesterday.

S. A. Gardner has moved his family into the old Norcross homestead on Pleasant street, which he recently purchased.

Allan Lovejoy left yesterday for New Haven, Conn., where he will continue his studies at Yale university.

M. H. Whitaker is transacting business in Milwaukee.

Mr. Saultmeyer, manager of the Rock River Mineral Water Co., was in Chicago on business today.

Frederick A. Lenkey, travelling representative for the Milwaukee Glue Co., of Milwaukee, transacted business in the city today.

Miss Louise Hanson left on Monday for a visit in Albert Lea and Emmons, Minnesota. On Wednesday evening she attended the golden wedding celebration of her uncle and aunt, Mr. and Mrs. H. G. Emmons, at Emmons.

PREPARE FOR BIG CONTEST

DECLARATIONS FROM THREE CITIES COMING APRIL 29.

NO BASEBALL THIS YEAR

This Branch of Athletics Has Practically Been Abandoned by High Schools Hereabouts.

Extensive preparations are being made by the high school students for the reception of visitors who are to be present at the district declamatory contest to be held here on Friday evening, April 29. Large delegations are expected from Beloit, Whitewater, and Evansville whose schools will each send two contestants. The high school orchestra and the Girls' octette will render several numbers and Miss Bessie Birch will sing. The declamations are limited to twelve minutes. In order to secure perfectly impartial judges the personnel will be made up of residents outside of any of the four cities contesting.

Report to the contrary, there is to be no field meet in Janesville on Saturday. The high school authorities say that there was no foundation for the rumor and that there has been no intention to hold a track contest at this time. The first meet is a dual contest to be held at Evansville on April 30, a week from Saturday.

Not to Play Baseball

Baseball as a high school game seems to have been abandoned in this section of the country. Popular interest is directly responsible as financial support has not been forthcoming in previous years. The last team organized by the Janesville high school three years ago closed the season with a deficit of \$70. Indirectly the whole difficulty lies in the lack of suitable teams to contest with in the immediate neighborhood. The last time an effort was made to arrange a schedule it was found that there was not an authorized high school baseball team within a radius of fifty miles. There were town teams made up partially of high school students but the strict rules of the Inter-Scholastic association made it impossible to play with them. The Janesville high school has plenty of excellent baseball material and it is a real misfortune that circumstances have so conspired as to make the organization of a team inadvisable.

SAD NEWS REACHES THE BOWER CITY

Frank Sanner, a Former Janesville Resident, Died This Morning at Riverside, California.

Word was received in the city at noon today that Mr. Frank Sanner, the son of Mr. and Mrs. Adam Sanner of this city, died this morning at his home in Riverside, California. Mr. Sanner had been ailing for some time and grew worse so rapidly that his mother left Janesville last week to be with him. His death, while expected, is very sad as he leaves a wife, and a daughter not yet a year old, to mourn his loss. Mr. Sanner is a Janesville boy. He grew to manhood in this city and several years ago went to El Paso, Texas, for his health. He became interested in a large wholesale hardware store there and two years ago this coming September came back to Janesville and married Miss Ruth Colyer. Mr. and Mrs. Sanner made their home in El Paso, returning to Janesville and spending last summer here. In the autumn Mr. Sanner's health failed him and with his wife and baby daughter he removed to Riverside, California, hoping that the California climate would benefit him. He grew rapidly worse and passed away this morning. As yet no definite arrangements have been made for the funeral. Both Mr. and Mrs. Sanner left very dear friends in the city when they went to their western home and the sad news of Mr. Sanner's death has brought sorrow to the hearts of many of their lifelong friends.

Low Rates to St. Louis, Mo., Louisiana Purchase Exposition, April 30—December 1, 1904

Via Chicago, Milwaukee & St. Paul railway, round trip excursion tickets on sale daily April 15 to November 30, 1904. For time of trains, routes, rates, limits and other information ask the ticket agent of the C. M. & St. P. Ry. Phone 191.

Hudson Star-Times: A public office is a public trust, but Governor La Follette's appointees are making it a private swap. The capital at Madison has been turned into a political arsenal and paid officials of the State have been equipping weeks and months of the people's time, thousands upon thousands of dollars of the people's money in campaign work. But men in office who will do an honest day's work for the state, and not loot the treasury to gain personal political advantages.

A Special Purchase of Suits--

A SAMPLE LINE OF FIFTY. From Louis Etkin, 43 East 12th Street, New York, a manufacturer of high grade garments for women, we have just received a complete sample line of Tailored Suits and Separate Coats—(cloth and silk.) The liberal discount at which these were secured makes an opportunity which can be improved to advantage. Come expecting to see an entirely different line from what you have heretofore seen and you will not be disappointed. The prices on this line range from \$12 to \$35, and as an illustration Suits which would regularly be priced at \$22 to \$25 are in this line at \$16 to \$18. Coming right at the time you want a Suit makes this an important announcement. There are a large number of the desirable Covert Coats which range from \$5 to \$15 and Silk and Pongee Coats from \$5 to \$25.

THE NEW FULL BACK COATS WITH BELT—Just in, about a dozen styles of the new Misses' and Young Ladies' Coat, the Covert Coat with the full loose back and belt. This line has a price range of \$5, \$7 to \$12, \$10 and \$12 to \$12.

MILLINERY business is good, with new things always on display. To be sure of the correct ideas a visit to this department is wise.

DARING BURGLAR DOES GOOD WORK

SECURES SOME PLUNDER AT FRANK ECHLIN'S HOME.

THIEF WAS FRIGHTENED AWAY

Mrs. Echlin Awoke About Four O'clock This Morning, and Saw Him at His Work.

Burglars or one daring burglar entered the residence of Frank Echlin on Milwaukee avenue last night and after thoroughly ransacking the house escaped with a pair of trousers, a gold watch and thirteen dollars in money, before Mr. Echlin could capture him. The entrance was made through the closet door in the back room. The burglar made his hurried exit by the same door, having left it open in case of emergency.

Daring Work
It was about four o'clock this morning when Mrs. Echlin was awakened by a faint glimmer of light shining through the closet door in the bedroom. She immediately awoke her husband and the noise he made in stepping to the door gave the burglar the hint it was best to depart, and before Mr. Echlin could reach the foot of the bed the man dashed by him and down stairs and out of the door, which had been left open.

Thorough Work
A search of the premises revealed the fact that the burglar had entered the house by the back door, having picked the lock with skeleton keys. He then evidently thoroughly ransacked the lower floor of the house before going to the bedroom above. Here he dumped bureau drawers on the floor and threw clothes from their hooks and chairs in his search for booty. He, however, secured Mr. Echlin's gold watch, some thirteen dollars in money and a pair of trousers before he was discovered.

Amateur Work
While the picking of the lock resembles the work of a professional, still the fact that there were hundreds of studs of burned matches about the house shows that the burglar was not provided with a dark lantern or any of the paraphernalia of a genuine burglar. Mr. Echlin was confused on his first awakening by the fact that the door had been moved a day or two previous to a different part of the room from its usual position and he was turned about. This gave the burglar time to make his exit.

Police at Work
The police were at once notified, but no trace of the burglar could be found when they arrived in the neighborhood. Evidently the prowler was a man of nerve and acquainted with night work, from the manner in which he searched the house previous to being discovered.
A resident in the vicinity of Echlin's home, Milwaukee avenue, says that a man visited his home about 2:30 this morning, picked the lock on the front door, but was unable to enter the house on account of a chain attached to the door. The gentleman of the house heard the noise and went downstairs. Evidently the burglar heard him as he soon disappeared.

"MASCOT" NEXT MONDAY

Nightly Rehearsals Being Held for Comedians.

Next Monday night at the Myers Grand opera house, will be given the comic opera "Mascot," under the direction of Prof. Taylor. The members of St. Mary's church are putting the sale of tickets and the house will undoubtedly be crowded. The price of admission has been placed at fifty cents with no extra charge for reserved seats.

THE WEATHER

Temperature last 24 hours taken from U. S. registered thermometer at Heston's: highest, 51 above; lowest, 22 above; the, at 7 a. m., 30; at 3 p. m., 48; wind, south; sunshine.

CURRENT NEWS NOTES

Imperial band dance at Assembly hall, Saturday night. Tickets 25c. Ladies free.

Postpone Meet: Owing to the death of a sister of Physical Instructor Ward of the Y. M. C. A., the annual gymnastic exhibition which was to have been held next Monday night has been postponed until Friday next week.

Art League: The Art class of the Art league will meet with Mrs. L. H. Reynolds, 254 South Jackson St., tomorrow afternoon at 3 o'clock.
Mrs. Ella Fitzgerald of Albany spent the past week with her sister, Mrs. D. F. McCarthy, on Washington street.

Replacing Bowling Alleys: The bowling alleys at Heston's are rapidly being replaced, the high water having subsided. It is expected that the alleys will be open to bowlers by Saturday.

Awarded Gold Badge: The members of the Adams school Band of Mercy hold monthly meetings that are very interesting. At each meeting reports are made by the members of some humane work done, and a note is then taken as to the one most entitled to wear the Helmsstreet gold badge. This month it was awarded to John Wilbur.

Fire Destroys Barn: Shortly after three o'clock this afternoon a second alarm of fire for this afternoon was rung in and the department went to Heston's street where they found the barn of Jim Brown burning fiercely. The loss to the structure and contents was not great.

3 packages Graham crackers, 25c. Nash.
Spinach, wax beans, green onions, Nash.

Fancy Baldwin apples, Nash.
Spanish pineapples, Nash.
Arabian Mocha and Java, Nash.
Get your fish order in early. Nash.
O. N. Coon tobacco seed, W. W. Nash.
Arbuckle's Mocha coffee, 15c. Nash.

A CHIMNEY FIRE ON RAVINE STREET

Fire Department Was Called to the Residence of John Kruse at 1:35 This Afternoon.

An alarm of fire was turned in from box 13, corner of Ravine and Terrace streets, this afternoon at 1:35, calling the department to a two-story frame house owned by Mrs. John Kruse, on Ravine street, where a chimney fire had started in an overheated chimney. The chemicals were used and the fire soon placed under control.

FUTURE EVENTS

Rusk Lyceum dance at Central hall Friday evening, April 22.
Comic opera "The Mascot," presented under auspices of St. Mary's church choir at Myers theatre, Monday evening, April 25.

LODGE MEETINGS TONIGHT

Janesville Chapter, No. 5, R. A. M., at Masonic hall.
Laurel Lodge, No. 2, Degree of Honor, at East Side Old Fellows' hall.

NEW COUNCIL TO ORGANIZE

AT A SPECIAL MEETING CALLED FOR TONIGHT.

SEND THE BOQUETS EARLY

And Suitable Receptacles Will Be Provided—Several Officers To Be Elected.

Boquets for the new aldermen should be at the city hall by seven o'clock this evening. George Phillips will secure the necessary vases. The special meeting of the new council called by Mayor Wilson convenes at 7:30 and the following new aldermen will take their seats: W. H. Merritt, republican, who is to represent the first ward for two years; W. H. Grove, republican, who is to represent the first ward for one year; J. J. Constock, republican, who is to represent the second ward; Frank H. Jackman, republican, who is to represent the third; J. J. Sheridan, democrat, who is to care for the interests of the fourth; and W. A. Murray, democrat, re-elected to serve the fifth. The veterans are: E. H. Connel, democrat, from the second; A. E. Matheson, republican, from the third; C. W. Schwartz, republican, from the fourth; E. J. Schindley, democrat, from the fifth. The complexion of the body as a whole is republican, though the democratic minority of four is an imposing one.

Business of Session
It being impossible for Mayor Wilson to be present and there being no president of the council, City Clerk A. E. Badger will call the meeting to order. The election of a temporary chairman will follow and after that the council will proceed to elect its permanent president. Aldermen Schwartz, Connel, and Murray, Matheson, and Schindley are all eligible for the honor with the chances largely in favor of one of the first three named. The election of the city engineer will be a mere formality while the city marshal will continue in office without the formality of re-election as he has during the past eleven years.

As to Health Commissioner
Drs. McCarthy, Merritt, Mills, Buckmaster, and Farnsworth are in the race for the office of health commissioner with Dr. Jud as a non-partisan candidate who will accept the office if it is presented to him. This election promises to be interesting. For street commissioner J. H. Watson, George Palmer, and George Croft are in the field. It is hardly expected that there will be any contest for the offices of assessor and indications seem to point to the re-election of E. H. Davies and C. B. Conrad. Janitor Phillips will undoubtedly be re-elected. In addition to the work above outlined the standing committees for the year will be named this evening.

Miss Hanna E. Hanson of Chicago is visiting friends in the city. Miss Hanson has just accepted a position with Lord & Thomas of Chicago and takes up her duties there very soon.

Golden Palace Flour is the best flour made. Every sack guaranteed to give satisfaction or your money refunded. Only \$1.30 a sack.

THREE-FOURTHS OF ACREAGE SECURED

No Difficulty Anticipated in Obtaining Balance for Rock Co. Sugar Co.

Over three thousand acres have already been contracted for by the Rock County Beet Sugar Co. and little doubt is now entertained regarding the securing of the full 4,000. Some of the acreage is being secured in northern Illinois but no active work is being done there. At Clinton recently Theodore Hapke spoke to the people regarding the possibility of obtaining a factory there at no distant date. A committee consisting of C. L. Tuttle, J. Seidler, J. F. Konnerer, Rev. Moore, and F. C. Bradley was appointed to secure acreage. Ideas for the laying of the track to the factory site have been called for and it is expected that the work will begin shortly. "We will be grinding beets by October 1," said Mr. Hapke this morning.

STILL AT WORK ON THE HOTEL MAKING READY FOR OPENING

Work on the New Myers is Being Rushed to Have Everything Ready by May 1st.

Work is being rushed on the New Myers hotel by the workmen and Manager Donnelly expects to have the hotel in shape for a formal opening by the middle of May at the latest. The furniture and carpets are all ready for placement as soon as the painters and paperhangers finish their work.

ANOTHER FACTORY TO COME TO CITY

WILL MANUFACTURE NEW KIND OF CEMENT BRICKS.

HAS FOND DU LAC CAPITAL

Would Erect Two Buildings Near the Post Works—Twenty Thousand Bricks a Day.

Joseph Hutter, a prominent contractor from Fond du Lac, is in the city today investigating a location for a new modeled and improved pressed brick factory which the Fond du Lac Cement Brick Manufacturing company proposes to build here. This company has secured the right to manufacture a new kind of brick which they claim is superior to any clay brick now on the market. It is composed of cement and sand and Mr. Hutter says that the Janesville sand is just the kind that is necessary to make the project a success.

Would Build Factory
Mr. Hutter is one of the board of directors of the new concern and he spent the morning investigating the sand hills to the south of the city where the cement post factory is located and the new building stone factory is to be erected. He says that all the conditions are right for the manufacture of their new bricks.

Seasonable Canned Goods

PLUSH LAP ROBES

which we are selling at a way down price. Call and look over our line before buying.

..W. H. HALL..

Corner Main & Court Sts., Near Courthouse

and he hopes to secure a location.

The Plans
The bricks are manufactured in a machine that turns out eight bricks at a time or twenty thousand in a day. The bricks are then piled in sheds for ten hours and kept moist to prevent their drying too quickly, after which time they are piled out of doors and in ten days are ready for use. The factory would require two buildings, one thirty by forty feet for the machines, and the other thirty by a hundred for the drying room. These would be built of wood at first and later bricked in.

Expect Rush Orders
Mr. Hutter is very enthusiastic over Janesville and says that such a factory would not interfere with any of the industries existing here and that ten men would be employed all the year round, the drying in the winter being done by a steam exhaust. He had a conference with Mr. Hapke this morning in the hopes of securing the contract for the bricks for the new beet sugar factory.

In Twenty-two Counties
The Fond du Lac company has secured the patent rights in twenty-two counties in the state. They are capitalized at thirty thousand dollars and have twenty-one stockholders, all prominent business men of Fond du Lac. Mr. Hutter has had much experience in building large structures and thinks the new brick will revolutionize the building trade.

Gilt Edged Teeth
You can get them of Dr. Burrus all this week in Tallman block, opposite old postoffice.

NEWS OF THE CHICAGO MARKETS

Interesting Gossip Concerning the Closing Reports of the Windy City's Mart.

Wheat.—Market was nervous today but displayed considerable strength especially near the close. Wheat came out in fair quantities on the advance. At times the market was influenced by weakness in corn and again by strength in north-west market. There was good buying by shorts and selling by local bears. There was all kinds of crop news, but majority of it from the southwest was unfavorable. The price current was noncommittal. Weather too cold for growing wheat.

Corn.—Valentine kept the crowd in corn guessing all day. He was on both sides of May and July and his transactions contributed greatly to the activity in market. May corn was lifted to above 50c early in the day and July followed but on advance the market was full of corn and before the flurry ceased, May declined a cent and July followed. On the decline shorts bought freely and there was another advance but the corn continued to come out and regardless of the fact that there was some good buying on the market did not respond to it until near the close when the up turn in wheat carried corn with it.

Oats.—There was but little feature to the market aside from selling in September by the local people who sold on the weather. The market ruled a little lower but prices were affected by the action of other grains and at times advanced a little above yesterday's close. Cash demand was fair.

Provisions.—There was unusually good buying in provisions and the market after the opening was strong, although a lot of stuff sold on the advance. Cudahy was credited with large purchases.

HADDEN-RODGE CO.

HERMAN KATH HAS SIGNED WISCONSIN BALL PLAYER

Pitcher Young Will Again Hold Down the Box for Clinton Maroons.

Pitcher Young who pitched for Wisconsin university in the recent game with Michigan is a protege of the Clinton team managed by Herman Kath. He lives in Elkhorn, has played with Clinton three years and made his first showing while a member of that organization. Mr. Kath expects to secure his services again this summer. The Clinton Maroons will play their first game with Freeport a week from next Sunday. Many games have already been scheduled and the list includes contests with the Chicago Union Giants on the third of June and the Nebraska Indians in August. Out of 37 games last year the Maroons lost but six.

Bought Sale Property: Mrs. Edward Welch yesterday purchased the former Washington street residence of Judge Sale.

Sugar Beet FACTS

Mr. Theodore Hapke, Sugar Beet Expert, with the Rock County Sugar Co., says, "There are no better Sugar Beet Tools made than the Deere-Mansur."

Last year, the Wagner Co. advised the using of Deere-Mansur Sugar Beet Tools.

Raisers of sugar beets for Michigan's many factories use the Deere-Mansur Sugar Beet Tools.

Rock County sugar beet raisers should see our line of Deere-Mansur Sugar Beet Tools.
